

SNAP TITE™ PIPE MARKERS

It's a 'SNAP' to wrap around and identify contents in pipes with the flow direction. Snap Tite™ is pre-coiled to install quickly and easily - simply uncurl over the pipe, release it, and it 'SNAPS' into place.

- 360° coverage encircles the pipe for marker to be seen from virtually any angle
- Bold legend and directional flow arrow on contrasting colour is repeated upright and upside-down, for universal direction fit and visibility
- Heavy gauge 20-mil rigid vinyl plastic is lightweight, yet durable to withstand tough industrial environments
- Fits over pipes with dirty, greasy, or rough surfaces – even over insulation or other less than perfect surfaces, and easy to remove and reapply
- Service temperature range is -4° to 158°F

Available per each.

SELF-STICK VINYL PIPE MARKERS

Adhere self-stick pipe markers to clearly identify the pipe contents and flow direction.

- Bold, single legend on contrasting colour
- Included arrow* provides proper directional flow marking
- 4-mil flexible vinyl marker has UV-resistant polyester overlaminates with high-tack, acrylic adhesive back
- Durable, protective gloss surface withstands fading, abrasions, splashes, grease, dust, and dirt that wipes off
- Easy to install by peeling off back liner, apply to a smooth, clean pipe surface - align and press firmly into place.
- Service temperature is -40° to 176°F

Available per each.

*Directional flow arrow tapes are also available (sold separately) to increase the visibility by banding around the pipe and hold the marker in place.

Not recommended for hot pipes.
